H . H. Spar kes Esquire.,

Excise C ommissioner in Mysore.

To

K. S. Chandrasekhara Iyer Esquire., B. A. D. L.,

Secretary to the Government of His Highness the

Maharaja of Mysore. Genl. and Rev. Depts.

Sir,

In submitting herewith a copy of the Bangalore District Excise Officer's report on the cultivation of Ganja in the Bangalore District during the year 1908-1909, I have the honor to state that the report is clear and exhaustive and gives all the required details.

2. The Government in their order No. F1 4956-7/S.R. 191-07-2 dated the 3rd. April 1908 have sanctioned an advance of Rs. 6000/- for payment to the cultivators for the purchase of Ganja. Out of this amount a sum of Rs. 4375-9-7 was paid for the Ganja cultivated and manufactured last year. Rs. 40/- were paid out of the balance for the lease of the land under the Kempambudhi Tank and Rs. 901-15-7 were paid to the late Ganja Contractors for the stock of fit Ganja left in the Provincial stores at Bangalore and at the several Bonded Depots of the ---

the State on the 1st. July 1907. There is thus left a balance of Rs. 682-6-10 out of the advance amount of Rs. 6000/-. But the cost of the Ganja purchased this year comes to Rs. 1331-6-1. An additional amount of Rs. 648-15-3 is, therefore, required to settle the accounts with the cultivators and I request that early sanction of Government may be obtained for the advance of the same.

3. Vouchers for the sum of Rs. 4375-9-7 have been already forwarded to the Comptroller and those for the balance will also be forwarded as soon as the accounts with the cultivators are closed.

4. I may add that the quantity of Ganja, namely, 1575 seers -45 tolas, purchased this year will not last for more than two months and a half. The present stock may run till about the middle of August and the crop to be raised at Yellahanka will not be ready at the earliest before December 1909. To meet the demand for the $4\frac{1}{2}$ months, I was under demi-official communication with the Secretary to the Board of Revenue (Separate Revenue) Madras, and I have just received his reply stating that 50 maunds (Bengal maunds) of Ganja can be supplied at once from the Saniambadi store-house, but that no Ganja can be supplied at present from Duggapad. It is intimated that the price at Saniambadi varies from Rs. 10/- to Rs. 4/- a seer. An additional advance of Rs. ~~1500~~ ^{6000 by thousands} will be required for purchasing this Ganja

6650/- Six thousand six hundred fifty

making a total of about Rs. ~~2200~~/- and I request that I may be allowed to depute an officer to proceed to Kanniambadi for the purchase of this, as it is requested by the Secretary that a representative be sent for the purpose. I would request that immediate sanction may be granted as from information received I am given to understand that there is a very large demand for Ganja just at present and if there is any delay on our part we may fail to procure this.

I have the honor to be,
Sir,

Your most obedient Servant,

Excise Commissioner
in Mysore.

Report on the cultivation of Ganja in the Bangalore District in the year 1908-09.

It had been intended to discontinue in the year under report the system of licensing ryots to cultivate Ganja Hemp for supply to Government and to work it by Dmanu by taking up Mr. Partridge's land at Goltahalli near Yellahanka. There was some difficulty in making over the land. The Excise Commissioners therefore decided in August 1908 that licences should as usual be issued to ryots who were willing to cultivate Ganja Hemp on their own lands during the current year also. It was estimated that, with the balance of Kanyambadi Ganja and the stock of last year's local supply available in the Provincial Head Quarters Depot, six months' supply would be required and that it would be sufficient to cultivate 25 acres in order to produce the requisite quantity. As the time for sowing for a Rainy weather crop had expired, it was arranged to issue Licences for cultivating the required Ganja Hemp on irrigable land only.

It was found necessary, owing to facility of supervision, to restrict the cultivation to lands near the Distillery.

It was then ascertained that such of last year's Cultivators as took some interest in the work had about 10 acres only of irrigable land available for the purpose and so arrangements were made to give them also about fifteen acres of land below the Kempambudri Tank Pond which had been leased out for grazing purposes by the Sanitary Department. The Lessee was paid a sum of Rupees (40/-) Forty only for the portion of land required for Ganja Cultivation, and an Agreement was executed by the approved ryots, one of the condition being that the sum of Rupees 40/- paid for the use of the land should be made good by them to the Excise Department should the Ganja produced by them be of inferior quality.

2. Accordingly, licences were issued as

noted below :-

Place of cultivation	Serial No.	Name of ryot	Area	Total area	Remarks
On Private Lands	1	Muddanna	1	10	Grand Total 25 acres.
	2	Simmadasaappa	1		
	3	Chick Hanuma	2		
	4	Hondappa	5		
	5	Siddappa	1		
Below the Kempambudri Tank Pond	6	Muddanna, Thimma Dasappa and Chick Hanuma.	15	15	

3. In addition to the above, a small plot of about five guntas was cultivated on the Distillery premises under the Distillery Officer's supervision and without any cost to Government. The net yield after garbling was 29 seers 45 tolas.

4. Seed was sown by nos. 1, 2 and 3 about the 30th September, by no. 4 about the 10th October, on the land below the Kempambendi Tank Bound about the 15th October and by no. 5 about the 20th October.

5. Seed sown by no. 5 (Siddappa) did not germinate properly - a few seedlings were found scattered here and there, they did not appear to be healthy and were entirely neglected by the cultivator. The seedlings were therefore all rooted up, the cultivation by Siddappa being a complete failure.

6. Mr. Bode was appointed as Agricultural Inspector and was deputed to supervise the work and to attend to the removal of superfluous and male plants. He entered upon his duties on the

15th November 1908, and his services were dispensed with from 1st April 1909 - Tree markers is under were deputed for watching the Ganja crop: -

From the Bangalore District	— 5
From - - - Holur - - -	— 2
Munkur - - -	— 2
Mysore - - -	— 2
Total	11

In addition to the above, the Agricultural Inspector was given a peon from the Excise Commissioner's office.

7 The cultivators of the plots below the Kempambudi Tank bund were found to be rather indifferent about the removal of superfluous and male plants and did not employ a sufficient number of coolies for the work. A notice was sent to them and coolies (boys and girls) employed at their cost for the eradication of male plants. Two men were also employed at the cultivators' cost to help the Government tree markers in watching the crop on the plots below the Kempambudi Tank bund.

The wages of the above have been paid from the Excise Commissioner's Office and the amount will have to be deducted from the amount payable to the cultivators for their Ganja produce.

8. The cutting of the plants for curing was commenced in the early part of February. The curing and packing operations were completed in the latter part of March.

9. The Excise Commissioner on the 10th April 1909 examined the Ganja produce and fixed the rates payable to the cultivators. The quality of the Ganja was pronounced to be on the whole superior to that of last year.

10. The accompanying register (to be kindly returned early for use in the Distillery Provincial Head Quarter Ganja Depot) contains details of weighments etc. The following is an abstract of the net quantity after garbling, produced by each cultivator and the amount payable at the rate fixed by the Excise Commissioner.

(2) On land below the Kempam-

(3) On Distillery premises 236-5.

The comparative low yield from the plants grown on the plots below the Kempambudi Tank Bound is due to the plants being quite stunted owing to late sowing.

12. The quantity to be booked under "Receipts" in the Provincial Ganja Depot Accounts —

Accounts is the quantity prior to garbling as shown below: -

(1) From private lands: $\begin{matrix} \text{lbs} & & \text{tolas} \\ 968 & - & 67. \end{matrix}$

(2) From the land below

(3) From Distillery Premises $80 - 68$

Total $1,774 - 11$

13. A case of theft of about a tola of Ganja from the standing crop on the land below the Kempambudi Jank Bund was detected. The offender a mohamedan was prosecuted and on conviction was sentenced to pay a fine of Rs. ten, or in default, to undergo fifteen days imprisonment. An other

Case of theft and illegal sale of Ganja from the of one of the private plots was recently proven detected. It would appear that in the latter case a brother of one of the cultivators collected and hid up a large quantity of culms from the standing crop. He was detected in the act of illegally selling it. The case has not been disposed of as yet.

Sir,

In continuation of my letter No. 11215, dated the 17th June 1909, regarding the purchase of 50 maunds of Ganja duty free from the Madras Presidency, I have the honor to enclose for your information a copy of my letter dated the 2nd July and that of the reply received from the Secretary to the Commissioner of Salt, Abkari and Customs, Madras. From my letter it will be observed that it has become necessary to purchase the Ganja from Duggapad instead of from Kanyambadi. Since the Madras Revenue Board have granted the concession as a special case. I believe there cannot be any difficulty in obtaining the early orders of the Madras Government in the matter. As we have almost run out our stock it is absolutely necessary that the supply should be got at the earliest possible date. I, therefore request that the subject may be treated as immediate and very early sanction of the Madras Government obtained as there is no time to be

lost,

Office of the Excise Commissioner

in Mysore,

Bangalore, Dated, the 2nd July 1909.

Dear Sir,

Agreeably to the instructions contained in your last D.O. communication, I have addressed the Mysore Government to move the Hon'ble the Resident to obtain the permission of the Madras Government to import duty free 50 Maunds of Ganja from Kaniyambadi. In the meanwhile I have sent Mr. J. E. Rozario, District Excise Officer, Bangalore, to purchase the Ganja at Kaniyambadi. He writes me to say that the prospects of getting good Ganja from the Kaniyambadi Warehouse are far from encouraging and that one Kissen Das Lala of Madras City says that he has 1000 seers of new Ganja at Duggapad and can supply any quantity. I would, therefore, request you to let me know at a very early date whether you have any objection to allow me to purchase any quantity within 50 maunds at Duggapad. I further request to be informed whether any additional reference to my Government to move the Hon'ble the Resident is necessary. In the event of your kindly allowing me to purchase the Duggapad Ganja privately and importing the same into Mysore duty free I presume that no further formal official reference in the matter is necessary, and I would request you to kindly issue the necessary directions to the Duggapad Store-house office at a very early date as I am in urgent need of the same.

Yours sincerely,

In reply to your D. O, dated 2-7-09, I am to say
that the fifty maunds of Ganja required by the Mysore Durbar will
as a very special case, be issued this time from Dugganad Store-
